GLASS CLEANER - CONCENTRATE

A non-ammoniated, concentrated glass cleaner. Dries fast and leaves a streak free finish. Great for mirrors, glass and chrome. May be diluted up to 30:1 to meet your specific needs. When diluted 30:1, makes an excellent windshield washer solution.

For Use as Windshield Washer Solution: Dilute 1:1 (water:cleaner) to reach a freezing point of -52°F. Dilute 2:1 to reach -40°F. Dilute 3:1 to reach -15°F. Dilute 4:1 to reach 0°F. Dilute 5:1 to reach 20°F. Any higher dilution ratios will not keep product from freezing.

TP1WR Buff and Shine Kit

Buff and Shine Kit includes three pads and a backing plate. The three pads are: #752R for heavy compounding, #830WR for polishing and #820WR for finishing along with a grip backing plate #658Y. The three pads have a patented Center Tee for fast easy pad loading and centering every time. The Buff and Shine Kit was designed for the body shop technician in mind. This kit was designed to keep a simple set of pads in the shop for the technician and speed up the return of the vehicle to the owner. Each kit has the necessary pads needed in a body shop after a vehicle is painted and color sanded which will eliminate cross contamination. A high quality design - made in the USA!

- Centers backing plate every time
- Center ring ensures wobble-free buffing
- Center ring is fully washable
- Waffle pattern keeps pad life up and heat friction down and allows air to flow in and out of the pad for a smoother, cooler buffing experience.
- 8" diameter of contact surface ensures faster detailing jobs
