GEMTEX® BRITE PREP NON-WOVEN 6 x 9 HAND SCUFF PADS

Our 6 x 9 Hand Scuff Pads are manufactured from synthetic fibers, bonded together with specially formulated resins and impregnated throughout the web with mineral grain creating an open, three dimensional structure. These products are designed for a broad range of jobs including light duty cleaning, polishing, scuffing, finishing and for heavy duty jobs including paint, rust and corrosion removal. Manufactured from tough synthetic fibers that will not rust, they can be used for dry scuffing and finishing or may be used with water or chemical solvents. They are flexible enough to be used in hard to reach spots, yet strong enough for continuous use. They are produced in a variety of grades ranging from hand cleaning to high-speed machine use. "A Steel Wool Substitute".
