

#8217 / #8260 SQUARE STATIC MIXERS

Actual Size!

Introducing our new shorter square static mixers! Optimizing mix performance in a 20% shorter length than comparable square mixers, our new square static mixers allow the user to get even closer to their applications. Patent-pending design includes material flow path and wedge element improvements. This allows it to deliver improved mix quality in a significantly short length - the shortest of its kind in the marketplace. The shorter length allows users to dispense materials with greater control, resulting higher job quality.

BENEFITS

- Improved mixing in a shorter length!
- 30% less retained volume resulting in reduced waste
- Improved adhesive bond strength.
